## Major Decisions and Events

### **Texas SO2 Designations Round 2 Sources (Luminant/Vistra), Texas**

Decision by HQ by February 15 to propose action to address Luminant and Texas-filed petitions for reconsideration of the SO2 non-attainment designations for areas surrounding the Big Brown, Monticello, and Martin Lake power plants. EPA has committed to revisit those designations in a future rulemaking. Luminant has closed two of the three sources. An anticipated Administrator decision on a proposed action is still under review.
